Bipartisan legislation signed in December, 2016
Mandates federal efforts to reduce administrative burden for researchers
Section 2034(d) assigns NIH as lead agency in cooperation with USDA and FDA to focus on animal care and use in research
(d) Animal Care And Use In Research.—Not later than 2 years after the date of enactment of this Act, the Director of the National Institutes of Health, in collaboration with the Secretary of Agriculture and the Commissioner of Food and Drugs, shall complete a review of applicable regulations and policies for the care and use of laboratory animals...
What Does it Ask, cont.

...and make revisions, as appropriate, to reduce administrative burden on investigators while maintaining the integrity and credibility of research findings and protection of research animals.

In carrying out this effort, the Director of the National Institutes of Health shall seek the input of experts, as appropriate.
The Director of the National Institutes of Health shall —

1) identify ways to ensure such regulations and policies are not inconsistent, overlapping, or unnecessarily duplicative, including with respect to inspection and review requirements by Federal agencies and accrediting associations;

2) take steps to eliminate or reduce identified inconsistencies, overlap, or duplication among such regulations and policies; and

3) take other actions, as appropriate, to improve the coordination of regulations and policies with respect to research with laboratory animals.
